

Baby, I see this world has made you sad, I know some people can be bad the things they do, the things they say.
But baby I'll whip away those bitter tears, I'll chase away those restless fears, that turn your blue skies into grey.

Refrein:

Why worry, there should be laughter after pain, there should be sun shine after rain, these things have always be the same
So why worry now, why worry now.

Baby, when I get down I turn to you and you make sense of what I do.

I know it isn't hard to say, But Baby, just when this world seems mean and cold, our love comes shining red and gold,
and all the rest is by the way.
