

Gray Web 2.0 Elements Set Volume 2

This document will help you understand how to customize elements within volume 2 of gray web 2.0 elements. Follow the steps below:

1. Open the Photoshop file “gray-web-elements-vol2.psd”
2. To change the color of one of the loading bars, go into the folder containing the loading bar that you want to change. There are four included in this volume: “Loading Bar”, “Uploading Bar”, “Error Bar”, and “Success Bar”. Navigate to the folder “Bar” and change the *Color Overlay* of the layer “Loaded”. This applies to all four bars:

3. The folder “Command Buttons” in the layers palette contains 5 buttons. The “Command Buttons” are “Accept”, “Decline”, “Add To Cart”, “Buy Now” and “Save File”

I hope this is helpful for you, if you have any questions on how to customize the elements, shoot us an email at: support@hishandiwork.biz

The main font used on all the elements is "**Gill Sans**" which can be downloaded here: <http://new.myfonts.com/fonts/agfa/gill-sans/>

Thanks for purchasing... Enjoy!
