

Hello and thank you for your purchase!
Please don't forget about rating.

This action has been tested and working on Photoshop (English versions) CS3, CS4, CS5, CS6, CC.

If you are not using the English version of Photoshop, you can always change it to English and then back again to your native language using this method below.

BEFORE USE DO THIS OPERATIONS!

1. Make sure you are using the ENGLISH version of Photoshop;
2. Go to: Image / Mode and check the "RGB color" and "8 Bits/Channel";
3. (Just for CS3 and higher versions) Click on menu icon at the right on "LAYERS" panel and go to "Panel Option...", and check the "Add "copy" to Copied Layers and Groups»;
4. If you are experiencing errors, try resetting your Photoshop preferences. To do this, hold down Alt, Ctrl, and Shift keys (Mac: Command, Option, Shift) while starting up Photoshop.
A dialog box will appear asking if you wish to delete the preferences/settings file;
5. Avoid using small resolution images. For the best results, use Photos between 1500px - 3000px high/wide. Chances of the action running into errors will increase the lower you go under 1000px high/wide.

HOW TO INSTALL?

1. Inside Photoshop, go to the 'Window' menu and select 'Actions'. A window will now appear to the right hand side.;
2. Inside the Actions window, click on the top right hand corner icon to reveal the drop down menu. From here select 'Load Actions...'. Select the action which came with the download;
3. The action will now appear in the actions panel.

HOW TO USE?

1. Open a photo to work with
 2. Leave the photo layer locked and set as the 'Background'. To set your photo as the Background, select your photo layer and go to the menu 'Layer' --> 'New' --> 'Layer from Background..'. Please also refer to the video tutorial if you need more help here.
 3. Create a new layer above the background layer called 'brush'. MUST be all lowercase.
 4. With the 'brush' layer selected, brush onto the areas of your photo that you want to apply the effect to.
 5. Now click play on the action
 6. Done! You then have lots of layer control to fine tune the look of your design.
- Again please watch the above video tutorial for a demonstration of these steps and a detailed customization tutorial.

If you need any help with the action please contact me.
Thank you for your support.
