# BEFORE YOU RUN THE ACTION

1. **Open a photo** you want to work with.

2. **Preparing your photo and Photoshop**
   Please read basic instruction **"02 - Before You Run the Action"**.

3. **Run the action**
   Go to action panel. Select the action you have been installed. Now open the action set/group **(A)**, select the action you want to run **(B)**, then click the play button to run the action **(C)** - *(see the picture below).*

4. **Finish**
   A message box will appears when the action is complate (see the picture below). Click Stop to finish it.
