

30 REALISTIC STYLES

SIGNAGE MAKER BUNDLE

LIGHTING AND NEON

Hello, my friend! Thank you for purchasing "Signage Light Maker Bundle"

INSTRUCTIONS:

Installation:

1. Unzip the file "Signage Light Maker Bundle"
2. Open Photoshop
3. Open the "Styles" in Photoshop - window > styles
4. In the styles> Load Styles

or:

1. Unzip the file "Signage Light Maker Bundle"
2. Open Photoshop
3. In Photoshop menu Edit> Preset> Preset Manager
4. In the preset manager to select the drop-down menu styles
5. In the preset manager to click the Download button and choose the desired file from the unpacked archive

NOTE:

Styles only work in Photoshop CC 2015 and newer versions. Recommended size stroke for bulb and neon 40-50 pixels. For wires of 20 pixels.
