

HOW TO USE AND INSTALL **WALL PAINTER** *PHOTOSHOP ACTION*

Hello there....

Thank you for your purchase

And Please Don't Forget About Rating

Recommendations before use this Action

*Use Good quality pictures. I recommend using a photo
with a resolution 3200 x 5300 Pixels and more*

ATTENTION !

1. You need to have English version of Photoshop
2. You need to have RGB Color checked (Go to Image > Mode and Check RGB Color)
3. After, in that same panel check 8 Bits/Channel option
4. Go to Layers , Click on little icon in upper right corner and go to Layers Panel Options and check "Add "copy" to Copied Layers and Groups"

HOW TO USE ACTION ?

for more detail information please watch my video tutorial here:

https://www.youtube.com/watch?v=6jYR_Ygg0jM

Step 1 - Open Your Image

Step 2 - Change Your Image Layer name "**Background**" to "**Original**"

Step 2 - Open Brushes and Patterns (Go to - Edit > Presets > Preset Manager > Use the drop-down menu > Load > Load Brush and Patterns

Step 3 - Open the action (for that go to: Window / Actions, click on menu icon at the right and choose in list "Load Actions..." then find the action on your computer and open it

Step 4 - Create a new layer and name it "**Brush**"

Step 5 - Paint on this layer the area that you need to focus

Step 6 - Create a new layer and name it "**Area**"

Step 7 - Paint on this layer the area you need this effect

Step 8 - Find action on the action list then open it and click play

Step 9 - Wait a few minutes that Photoshop make all actions

Step 10 - Then change the colors and contrast if you need

OK Now you can Save Your Image
