Help

Font used:

<http://www.google.com/fonts/specimen/Roboto>

<http://www.fontpalace.com/font-details/Freestyle+Script+LT/>

<http://www.myfonts.com/fonts/microsoft/times-new-roman/>

<http://www.fontsquirrel.com/fonts/afta-sans>

http://www.fontshop.com/fonts/singles/linotype/helvetica_rounded_bold/

<http://www.fontsquirrel.com/fonts/Aller>

<http://www.google.com/webfonts/>

<http://www.fontsquirrel.com>

<http://www.fontsquirrel.com/fonts/roboto>

<http://www.dafont.com/aaargh.font>

How Can I change images:

- 1.First open main psd file.
- 2.Then you select frame layer like image a.
- 3.Then you will drop your image frame and bottom frame layer between like image b.

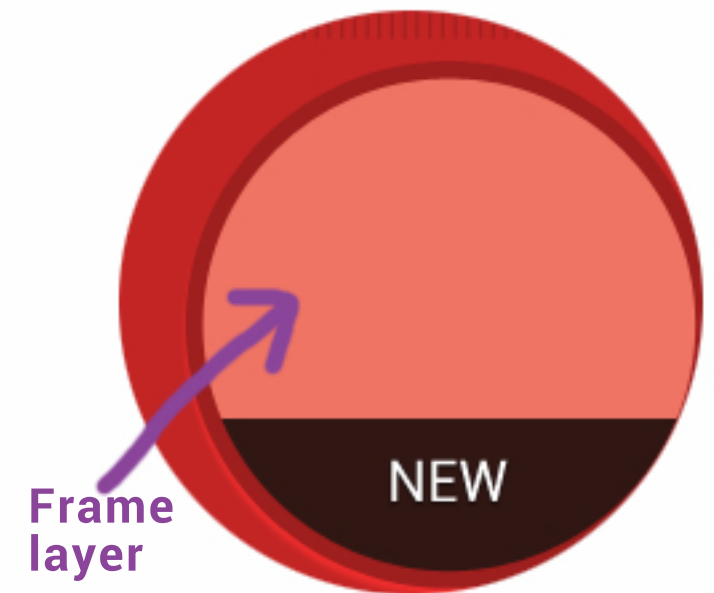

Image a
