

# Read Me

Thank you for choosing this **7 Movie Text Style** as one of your text style assets.

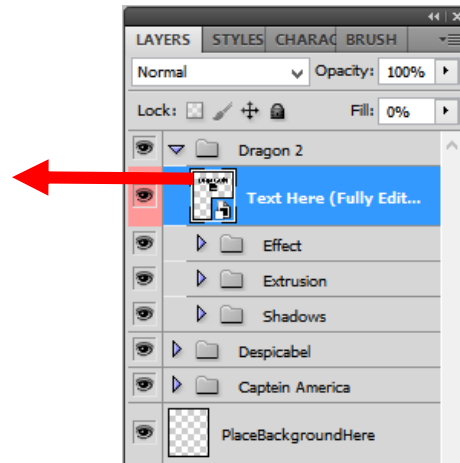

First you must install the font used as you can download on the link below before you open the Photoshop program for the same result with my preview

| No. | Styles                 | Font Name                | Download Link                                                                                                                                                                           |

## Apply The Effects

1. Open "7 Movie Text Style (Part 1).psd" or "7 Movie Text Style (Part 2).psd" file, and you'll find layer dialog like this below :

Double click layer named *"Text Here (Fully Editable)"*, you'll go to new window, where you can edit the text.

And then....

click type tool  and the click one of the text that you to edit, block all

and change the letter and you can change the font type. ( Do not Change the font size).

Thx and have a great design...
